Grading scale: Uppsala University uses five different [grading scales](#). Each faculty decides which of the grading scales will be used in that faculty. The syllabus for a course must always specify which grading scale will be used for that particular course. It is very important to note that if a student receives a passing grade, no re-takes or supplemental assignments can be done to receive a higher grade, nor can a student be re-registered on the course. You must meet the entry requirements for each course you select. Please refer to the individual course syllabus.

Recommended for the following Polimi MSc Majors: Industrial Management, Digital Business Innovation, Intl. Business

Language Proficiency Requirements: UU expects exchange students to be able to communicate in English at least at the B2 level. No language certificate or language exam is required. You will be asked to evaluate your language of English in the application form.

RANKING:

QS World University Ranking #124
