

# PROJECT WORK FOUND AUTONOMOUSLY

## USEFUL INFORMATION

PURPOSE	<ul style="list-style-type: none"><li>✓ The project work concludes the first level degree course in Management Engineering with the aim of applying the models and methodologies learned in a real business context</li><li>✓ Through the project work the student realizes a project as the final paper of the course of study</li></ul>
TOPIC	<ul style="list-style-type: none"><li>✓ The topic of the project work must be proposed by the company supervisor and agreed with the student and the academic tutor, who will be assigned by the course; the topic must be concretely connected to the business activity in which the tutor himself is engaged</li><li>✓ The course of study provides a list of subject macroareas (see below, <i>Form for the proposal's request</i>) among which it is preferable to choose the topic of the project work</li><li>✓ Given that the topic of the project work will constitute the student's final paper, the supervisor's company must agree to the sharing of data, even resized, within the thesis; it is always possible to ask the student to sign - he alone - a confidentiality agreement with the company.</li></ul>
FORMAT	<ul style="list-style-type: none"><li>✓ The project work can be carried out as full-time or part-time internship</li><li>✓ The project work must preferably be carried out in smart working mode (online work from home)</li></ul>
COSTS	The project work is free of charge both for the student and the Company; the student's insurance coverage on injuries and third-party risks (with a cap of liability in case of gross negligence by the student) is offered by PoliMi
CONSTRAINTS	<ul style="list-style-type: none"><li>✓ It is preferable that the company's supervisor is a PoliMi former student, with adequate and proven level of experience</li><li>✓ <i>PLEASE NOTE: the proposal submitted by the student will be examined by a Commission which, taking into account the maximum number of project works that can be assigned and the ranking position of each student already calculated in October 2020, will communicate the project works that can actually be activated</i></li></ul>

## INTERNSHIP a CONFRONTO
