- Committed

### Personal profile

I'm a Management Engineer, roughly 10 years in the field of supply chain planning. I own a team with high focus on the achievement of the assigned targets. I'm an Executive PhD candidate and my research interest is the Supply Chain Planning innovation with particular focus on S&OP.

### Work Experience

#### Team Leader Supply Chain Planning

**LKQ RHIAG, Pero (Mi) | 2017 – to present**

With my team, I follow the demand forecasting and replenishment of around 30.000 items of spare parts for cars, industrial vehicles and tractors belonged to the body, electrics and chassis parts from 20 different supplying points. The goals are mainly:

- Minimization of the stock coverage rate
- Maximization of the customer service level
- Minimization of the write off

In parallel to my role of Team leader, I'm the project manager for the APS (advanced planning tool) "Sincron".

#### Supply Chain Planner

**LKQ RHIAG, Pero (Mi) | 2012 – 2017**

On behalf of the Team leader, I followed the planning activities standing up the team in the management of the forecasting and replenishment of roughly 15.000 items from 12 supplying points.

#### Demand Planning Specialist

**Kraft Foods Italy, Milano (Mi) | 2011 – 2012**

In the role of Demand Planning Specialist for the categories Cheese & Grocery I carried out:

- Analysis and support during the Consensus Forecast meetings
- Deeping the historical trends for promotional customer plans for the better definition of the Sales Forecast
- Support to the replenishment team for the activity of SKU break down for the categories of Confectionery, Grocery and Candy
- tracking the daily sales vs target
- slow moving item management.

#### On Shelf Availability TPM Assistant GDO (Internship)

**Unilever Italy, Trezzano sul Naviglio (Mi) | 2010**

European project concerning "On Shelf Availability" among Unilever and Carrefour.
