graduation thesis

Title	Strategic supplier management in a manufacturing company
Language	Italian

Supervisor	Prof. Antonella Petrillo
Thesis Summary	The empirical study carried out has as a focus a correct management and appraisal of the supplying park through the use of appropriate methodologies. After a detailed overview of the structure of the supply chain of the company object of study, through the application of models of appraisal an analysis of the entire park suppliers is carried out with the final objective to optimize the performances offered from the suppliers. The corrective actions identified will serve top management in the choice of investments and stipulation of the company budget.
