EXPERIENCES ABROAD

Gained international exposure through study periods in Boston (3 months) and Buenos Aires (1 month). During PhD, presented research at conferences/workshops across several countries (e.g., Denmark, Finland, Norway, Portugal, Spain, and the UK) and completed two visiting research periods at Manchester (AMBS) and Leeds (LUBS), strengthening cross-cultural collaboration and professional network.

About myself: Fast learner with a global mindset and a focus on complexity. I combine critical thinking with organized execution. In a time when moral compass and justice are too often eroded and compromised, I choose to engage with discernment and responsibility – not to follow change, but to question its direction.
