## LM25 Paper Development Workshop September 17, 2025

---

**Dear logistics, operations and supply chain management researchers,**

we are pleased to announce the **Paper Development Workshop** and meet the editors event in connection with the **LM25 conference**, which will take place at Politecnico di Milano School of Management from September 17<sup>th</sup> to September 19<sup>th</sup>, 2025, in Milan, Italy (Via Lambruschini 4/B, Building BL/26, 20156 Milan, Italy).

### Objectives

This workshop aims to provide guidance and support for your journal paper development while connecting you with the latest research and development **trends in logistics and operations**, such as **sustainability, digitalization, and human-centric systems**.

We are honored to announce the attendance and advice of **Prof. Glenn Richey** (Journal of Business Logistics) and **Prof. Out Tang** (International Journal of Production Economics), representing leading researchers and journals in our field connected to logistics, operations and supply chain management. Their insights are directed to support your research in general as well as specifically the further development of one submitted paper towards the workshop.

### Program

#### September 17, 2025

- 13.00 h – Welcome by Prof. Frank Meisel and Prof. Angela Tumino
- 13.15 h – Introduction Prof. Desirée Van Dun (IJOPM), Prof. Matthias Klumpp (JBL, IJPDLM)
- 13.30 h – Interactive Session: What makes up a good research paper? –  
Prof. Glenn Richey (JBL) and Prof. Out Tang (IJPE)
- 14.00 h – Research Presentation and Feedback Session with Accepted Papers (Part I)
- 15.30 h – Coffee Break

- 16.00 h – Research Presentation and Feedback Session with Accepted Papers (Part II)
- 17.30 h – Closing Remarks by Prof. Glenn Richey and Prof. Out Tang
- 20.00 h – Welcome Pizza Dinner (*self-paid*)

### **Application Process**

To apply, please submit a journal manuscript paper (**final stage, about 5,000 to 10,000 words**), **which can be edited in any format as to accommodate target journal requirements**. This can be *any* manuscript of your choice in a more extended stage (and is *not* related / does not include or require the submissions to the special issues with JBL, JBE and CAIE connected to LM25). Send your application to the following e-mail address stating the **PDW event** in the mail header **by May 15<sup>th</sup>, 2025**:

➔ **[LM2025-dig@polimi.it](mailto:LM2025-dig@polimi.it)**

You will receive an automated acknowledgment confirming that your application was well received, followed by further notifications via e-mail. Reviews, feedback, and decisions of acceptance for the paper development workshop will be communicated **by June 15<sup>th</sup>, 2025**. For a successful application, a LM25 conference registration is required. However, participation in the Paper Development Workshop is at no extra cost. Due to capacity constraints and in the interest of fairness, accepted researcher participants are expected to attend the LM25 conference and workshop in person.

**We look forward to welcoming you to LM25 in Milan!**
